NATIONAL LEAGUE REFEREES
GAME CARD SUMMARY

The National League is operating electronic game cards for the 2025-26 seasonal year through our new software provider, Squadi! Referees **DO NOT** need to download an app or create an account to access game cards or report scores.

REFEREE PROCEDURE OVERVIEW
Electronic Check-In / Scoring Summary

1 On your phone/device, **SCAN** the QR code presented by either team OR found on the Game Card. This opens the specific game scoring area on your web browser.

2 On your phone/device, **VERIFY** the player attendance list for each team while reviewing the USYS player cards submitted by the team.

3 On your phone/device, **SUBMIT** the final score after the game and assign any issued cards to the correct players. Click Submit.

4 Once the score is submitted, you can **ACCESS** the live/posted game summary by clicking the game information link on the confirmation page. The link takes you to the game summary, which is always accessible within the league schedule.

For a detailed Step-by-Step Guide with instructions and screenshots, **CLICK HERE**.

Need to submit a USSF Supplemental Report?
USSF Supplemental Reports submission will follow your normal process outlined by your assignor/referee coordinator. These reports are **NOT** submitted in Squadi.

Have a physical game card?
Paper game cards might be presented by teams or league officials as back-up, the primary means of team check-in and scoring will be electronic. *Scan the QR code on the game card to initiate the electronic process.* If a paper copy must be utilized, take a picture of the completed game card (for your records) and return the game card to the home team.
